

Making the Most of Your Gallup Student Poll Results

Congratulations! You have successfully administered the 2015 Gallup Student Poll to your students. You are committed to measuring what matters for student success:

Engagement

The involvement in and enthusiasm for school

Hope

The ideas and energy students have for the future

Entrepreneurial Aspiration

The talent and energy for building businesses that survive, thrive and employ others

Career/Financial Literacy

The information, attitudes and behaviors that students need to practice for healthy participation in the economy

The Gallup Student Poll (GSP) provides actionable data to support your quest to engage students today and make them ready for tomorrow. Ultimately, it's how you use the data to identify and take the right actions that will impact student success. To assist you with this important step, Gallup is offering an informative and interactive program that will help you interpret and use your GSP scorecard to build engagement, create hope, foster talent and prepare students to participate meaningfully in the economy.

WHAT TO EXPECT

The Gallup Student Poll program will provide you and your team with:

- in-depth learning about the four critical elements that the GSP measures
- practical applications for action planning
- opportunities for interaction with fellow learners and Gallup consultants
- access to materials and resources that will help you take immediate action

TARGET AUDIENCE

This program is designed for K-12 local and district leaders.
