The Gallup Manager Program empowers managers to think, strategize and behave like the world’s best managers. This premier development experience prepares managers to lead teams effectively in today’s demanding workplace. With an emphasis on strengths-based, engagement-focused, and performance-oriented coaching, managers who complete this program will make employees, teams, and your organization more productive and profitable.

This learning experience draws from Gallup’s latest discoveries, expert advice and most effective management strategies. Busy managers can apply these elements through interactive discussions with their peers and experiential practice. The Gallup Manager Program does not add to a manager’s to-do list but rather helps them optimize their daily work through meaningful conversations and guidance for their team to achieve performance outcomes.
